It's hard to find an app for anything that don't think you should spend x amount per month with it. I'm sure, like most people, I rarely fax. Now we have much more advanced technologies. However, every couple of months I get that 1 or 2 items that insist on fax. If this happens next month for a 1 page document it only costs me 99 cents, not others who can give a week for free, but those 2 months at 4.99 or 9.99 is significantly more than 99 cents.
